Workshops when you need them

Is your local looking for professional learning opportunities for members that are easy to set up, inexpensive, and relevant to today's classrooms?

Presenters on the Road offers quality workshops in partnerships with ETFO locals across the province. All of the workshops give practical, valuable, and useful insights into today's classrooms for members, including specific assignments such as special educators, teacher librarians, and occasional teachers.

Presenters on the Road helps locals organize workshops led by active members with specialized experience or knowledge in their fields.

Presenters on the Road offers you workshops on more than 50 subject areas, from stress management for members to how to deliver art on a shoestring budget. All of the workshops will give members valuable insights that they can use in their classrooms without delay.

Costs are very reasonable and well within the resources of even the smallest locals.

It's easy to set up a session with **Presenters on the Road**. Check the ETFO website under "Professional Learning" to get the details on how to schedule and set up your session.
