

# ASIAN

CELEBRATING  
ASIAN HERITAGE MONTH 2023

# BEYOND ASIA

**THIS MAY**, we honour and celebrate Asian Heritage Month by highlighting the diversity of the Asian experience across the diaspora. As populations migrate, new cultures emerge, reimagining and pushing the borders and boundaries of what it means to be Asian beyond Asia.

How are borders created, and by whom? Where does Asia begin, and where does it end? What does it mean to be Asian and how are thriving migrant communities creating, maintaining and unpacking those connections? *Asian Beyond Asia* recognizes that the Asian diasporic experience is as wide and varied as the continent itself, and honours the breadth of ever-evolving emergent traditions and cultures across the world.
