

ETFO Resources for Teacher Candidates

Everything you need to succeed – all in one place

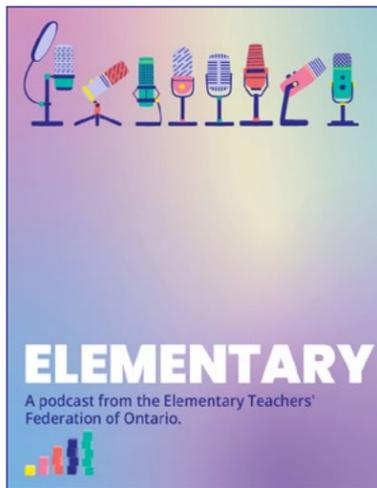

The Elementary Teachers' Federation (ETFO) offers members a range of resources, programs, and information to help shape and advance their teaching practice.

Many of these are accessible on ETFO's public-facing websites to teacher candidates and educators at large. When you become a full member, you will be able to access even more resources through the ETFO member portal at members.etfo.ca.
